

DII x Coursera Social Impact Programme Community Partner Onboarding Guide

Welcome to the Digital Inclusion Initiative (DII) x Coursera Social Impact Programme. This guide outlines how Community Delivery Partners collaborate with DII to onboard learners and deliver digital skills training to underserved communities across Nigeria.

About the Programme

Through Coursera's Social Impact initiative, DII has been awarded 1,000 learning licences to support underserved, unemployed, and underemployed learners with access to world-class digital skills training.

What Learners Receive

- 1 Industry-recognised courses from leading global institutions and companies
- 2 Curated learning pathways in AI, data, digital literacy, business, and professional skills
- 3 Certificates that support employability, entrepreneurship, and career mobility

Partner Roles & Responsibilities

- 1 Identify and nominate eligible beneficiaries
- 2 Support learner mobilisation and onboarding
- 3 Provide encouragement and local accountability
- 4 Collaborate with DII on light-touch reporting

DII Responsibilities

- 1 Provide Coursera licences and curated learning pathways
- 2 Manage platform administration and reporting
- 3 Deliver partner and learner onboarding sessions
- 4 Aggregate and share impact reporting

Onboarding Process Overview

- 1 Partner confirmation via onboarding form
- 2 Submission of beneficiary learner details
- 3 Learner orientation and licence activation
- 4 Ongoing engagement and progress reporting

For questions or support during onboarding, please contact the DII team at admin@digitalinclusioninitiative.org.
